SUMMARY

I'm Avinash, a Front-End Developer with expertise in React Native and a strong foundation in web development. Proven track record in delivering dynamic, user-focused applications. Skilled in responsive design, user experience (UX) optimization, and front-end technologies. Eager to contribute to innovative projects and drive technical excellence.

WORK EXPERIENCE

Web Developer, Freelance   **Jan 2024 - Present**

- **Amanandbully.com**: Designed and developed a dynamic, responsive e-commerce website using Wix. Integrated community forums, e-commerce features, and enhanced user engagement through UI/UX best practices.

- **Inventory Store Application:** Developed a comprehensive inventory management system using ReactJs and Appwrite. Implemented data visualization with React-ApexCharts and modern UI components with Chakra UI, improving stock management, sales tracking, and historical data analysis.

College Summer Project   **June 2023 - July 2023**

- **AI chatbot**: AI Chatbot: Developed an Android app with an AI chatbot using React Native, integrated with Google Gemini API. Implemented Haptik feedback for enhanced user interaction and included dark mode for improved usability and accessibility.

EDUCATION

Bachelor of Technology in Computer Science Engineering   **Sep 2021 - june 2025**
CT Institute of Engineering, Shahpur
- Currently pursuing
